

TQC Sheen Octoplex 8-Sided Applicator

TQC Sheen Octoplex 8-Sided Applicator

The TQC Sheen Octoplex 8-Sided Applicator has eight application sides. This is so you can apply your sample and have a choice of eight different predefined gap sizes, at film width sizes of 8 x 60mm.

Each side of the eight-sided applicator features optional guidance support to help you achieve straight application, plus it comes with a convenient built-in reservoir.

Each applicator is made from high-grade materials, so they are built to last and with extreme care – providing accuracy levels of +/- 2 µm.

Features:

- Built in sample-reservoir
- Calibration certificate
- Easy to clean
- Compatible with TQC Sheen Automatic Film Applicators

Standards

ASTM D823
